

Good Morning my fellow Cats!

We are provided one day out to the year to celebrate thankfulness, but each day is a day of gratitude, regardless of what's going on in your life.

Today I'm especially thankful for all of the members of this great organization, our active and inactive members, our newly joined and our veteran members, but most importantly, their spouses and their families. I have learned that when you are blessed with more than you need, it is your duty to build a longer table to allow more to join you, instead of a fence/wall that will prevent others from joining you.

The goal here is to show gratitude and in doing so, provide for others in need. To whom much is given, much is expected. As you enjoy your thanksgiving meal with friends and family, I encourage you to think of those less fortunate than you.

My thanksgiving message to you all is one of sheer gratitude-

I'm grateful to belong to an organization that has been in existence for more than 20 years and continue to support our Alma Mater.

I'm grateful for schoolmates, younger and older than I for coming together as one.

I am grateful for the ability to agree and disagree and at the end of it all, I can remind myself that it's all in the name of our Alma Mater.

Im grateful for those who worked tirelessly every year to make our fundraising events and conventions a success. I am grateful for those who aren't hands on in their giving, but show up and show out financially. I'm grateful for those who always have a rebuttal to everything presented- if not for them we won't have discussions and eventually come up with good ideas

I am grateful for the opportunity to lead this organization as National President and the overwhelming support you all have provided.

Most importantly, I'm grateful that God has continued to bless each and every one of us in one way or another that has allowed us to continue to support our Alma Mater.

As we prepare to go into the New Year, let us continue to show this level of gratitude and continue to support our beloved Alma Mater and in doing so support Liberia.

Have a happy and blessed thanksgiving from my family to yours.

Agatha Joseph

CSAA-National President
